### [ANALYSIS]

Alcohol | 8.0% alc/vol

Residual Sugar | 32.4g/l

pH | 3.26

Closure | Crown Twist

Acid | 9.0 g/l

### [TASTING NOTES]

[TASTING NOTES] No bird-pecked or mushy leftover fruit for this little gem. We make our ciders only the freshest handpicked Uraidla strawberries and Lenswood Apples. The finest and freshest, pure produce of the cold climate of the Adelaide Hills helps us craft an intensely flavoured cider with 8% alcohol. Imagine plucking a fresh, ripe strawberry from the patch in the middle of summer and biting into it. A texture that titillates the palate with a long, crisp apple finish and an enticing and smooth, 'strawberries and cream' mouthfeel. Refreshing, balanced and handmade from fruit sourced purely from the coldest pockets of the Adelaide Hills.

VEGAN FRIENDLY and SUSTAINABLY MADE BY SIDEWOOD
