### [ANALYSIS]

Alcohol | 11.5% alc/vol

pH | 3.69

Acid | 7.5 g/L

Closure | Stelvin

Bottling Date | November 2020

Estate Grown & Bottled

### [VINIFICATION]

SINGLE VINEYARD

Hand picked from selected 777 clone Pinot Noir vines from our 300 acre estate. This wine was hand sorted and small-batch fermented with a blend of 30% whole bunch and 70% destemmed whole berries. To retain regional and clonal expression, the wine was matured in older French oak barriques for 10 months.

### [TASTING NOTES]

Displaying aromas of fresh rhubarb, green strawberry and tobacco leaf, the small-batch 777 Pinot Noir seamlessly integrates vibrant fruits with a touch of spice. This energetic Pinot has integrated layers of wild raspberry, sour cherries, and white pepper. Soft tannins and a round, rich mid-palate create a generous length and make this a complex single vineyard, single clone wine.

This versatile wine makes an outstanding accompaniment to confit duck with sour cherry glaze, mediterranean tapas or chargrilled vegetables. Drinking beautifully now but will continue to evolve.
